Office Action Summary

Art Unit: 1761

1. The finality of the Office Action dated June 27, 2003 is hereby withdrawn and the following action rendered.

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 1-36 are rejected under 35 U.S.C. 103(a) as being unpatentable over McGrew et al (5,336,509) in view of Yotka (5,536,511, columns 4-7).

McGrew et al discloses a wax-free, low calorie chewing gum pellet (column 16, line 52) including at least 70% wax-free gum base and no bulk sweetener (column 15, lines 10-12). Also present are 2-7% flavoring and an emulsifier. It would have been obvious to coat the chewing gum in McGrew et al with a syrup coating including 1% flavoring agent, 0.3% artificial sweetener and 1% dispersing agent, wherein the coating is at least 50% of the product, since it is well known to coat chewing gum with such a composition, as evidenced by Yotka et al (column 6, line 42 to column 7, line 54). The coating in Yotka et al is applied using a panning procedure.

4. Applicant's arguments with respect to claims 1-36, submitted March 18, 2004, have been considered but are moot in view of the new ground(s) of rejection.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1761

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
